If you plan on being away during the summer, please be sure to continue to send in your weekly contributions. They may be mailed or you may utilize the ParishPay program. Please visit [www.parishpay.com](http://www.parishpay.com) to enroll. Your support in this effort is greatly appreciated.

Healing is an essential element of the church's ministry as is obvious when one considers the number of hospitals, clinics, and nursing homes affiliated with the church. Sickness and disease are often caused not only by physical nature but also by things over which humans exercise some self-control. Being ill one begs for assistance not only from medical specialists, but also God. We, Christians, believe in divine help not only in curing what ails us, but also for a patient disposition to endure what we must.

In today's gospel the woman with the twelve-year-old hemorrhage had undergone a long and painful treatment under various doctors, without getting better. She turned to Christ, who simply told her that her faith restored her to health. How strong is our faith? It may be very strong, but is it God's will that we be cured? Of this we can never be certain. So much of life - sickness included - demands great trust in our all merciful God. With patient endurance we await His response. Let His will be done!

*Fr. James F. Healy*
